

Peace of Mind

## Helping to reduce our carbon footprint

FootprintMatters2U is a waste management company specialising in the recycling of electrical goods and hazardous waste. With over 26 years experience, the team are passionate about diverting waste from landfill following processes that are environmentally sound.

FootprintMatters2U work with clients across the Public sector including Local Authorities, schools, colleges and NHS Trusts. In the Private sector there are long standing relationships with private companies of all sizes from SME's to Blue Chip.

With clients across South Wales and South West including Newport, Cardiff, Swansea, Bristol, Gloucester, Cheltenham, Weston Super Mare and Exeter and Plymouth FootprintsMatters2U are able to provide full WEEE recycling capabilities for all 13 WEEE categories.

Its new acquisition "IT Asset Matters2U" based in Port Talbot, specialises in Data Erasure of PC hard drives to UK and USA Government specification. With both a mobile and static service, it gives peace of mind that all data is securely destroyed.
